The Family of Benjamin and Patience Wood Horton, 4th. Gen.

Benjamin Horton (4.23) died 23 April-16 May 1774 Scituate, RI. He m. 8 May 1748 **Patience Wood**, dau. of **William and Keziah (Martin) Wood**. **Benjamin** referred to as yeoman. Children were: Elizabeth, b. 1748, Patience, Mary, b. 1757, Olive, b. after 1754, Isaac, probably the Isaac of Cheshire, MA who served with **Jesse** for six days in the revolution, Benjamin, b. 1756, **Jesse (5.88)** b 28 Jan. 1760, Thomas, b after 1764, Reubin, b. after 1764.

children but no record could be found of the marriage. These **Potters** are believed to be related to the many **Potters** in Rhode Island. The 1790 census shows **Jesse** in Fairhaven, Vt, but with 4 females in the family. The children of this first marriage were: Betsey b. 1791, **Jesse (6.158)**, b 5 April 1793 West Haven, VT, Thomas, b. 14 Feb.1795, **Nancy** b. 6 Mar. 1797. **Jesse** married second Caroline Matilda Wheeler, dau. of Isaac and Meriam (-) Wheeler. Children by this marriage were: Sophia, b 1799, Isaac b. 1802, Jersuha, b. & d. 1804, Millie, b. 1806, Matilda, b. 1809, Keturah, b. 1810, Rebecca, b. 1812, Moses, b. 1814, Annis, b.1816, Benjamin, b.1820, Seth Wheeler, b. 1821. This editor was able to verify these births both at the statehouse records and the local city hall. We also found land records of the 360 acres that stretched to the shores of Lake Champlain. The land remained in the family through Seth until the depression of the 1930's. At that time it was sold for taxes to an attorney in Washington, D. C. **Jesse Horton Sr.'s** will was found in Fairhaven and also verified a number of the children. The family was never very prosperous but seemed to survive, even the war of 1812 that had a lot of action on Lake Champlain. New York state line was adjacent and nearby White Hall, NY were the beginnings of the first Navy shipyards for Benedict Arnold's battle on the lake.

The Family of Jesse Horton, Jr, Tipton Co. IN, 6th Gen.

Jesse Jr. Horton (6.158) who probably died in Ohio after 1865 or on the way to the gold fields ties together by the near match of birth dates of the 1850 Tipton Co., IN census to his birth state of VT. We also tie them together through the following discovery at a neighbors residence in West Haven, VT. The town clerk at West Haven told us the neighbor Adams family had some old church records of the Baptist society. We traveled to the family meeting the husband and wife. The Mrs. opened the cupboard and pulled out this old book dating back to the 1800's. Our first discovery was a **Jesse Jr.** giving his Christian experience with his wife in 1817. Then all of a sudden Mrs. Adams was real quiet. I said, "What is the matter? Did he get kicked out of the church?" She said, "You read it." The words were something like this: "A meeting was held to see what should be done about brother **Jesse Horton** who had quarreled with his wife and kicked her out of doors and fled the country under threat of prosecution." We said that is our guy." We were remembering the data found in Tipton Co., IN on how he mistreated that wife.

Jesse, Jr. (6.185) was found in the 1820 census in the adjacent county in New York State with male and female of the right age ranges. A **Jesse Harton** is listed in the 1830 census of Indiana, Mari #439. Somehow he missed all the 1830 censuses that we could find unless that one is this **Jesse**. He is listed at College Corners, Putnam Tsp, in 1840 in Butler County OH as two males under five, 1-5 to 10, 1-10 to 15, 1- 15 to 20, and 1- 40-50. Females were: 1 under five, 1- 5 to 10, 1- 10-15 and one 30-40. This is collaborated by the story that son **Jeremiah** was born 1840 in a covered wagon while crossing the river. The Ohio and the Miami rivers are nearby. 7-29-1846 **Jesse m.** Susan M. Hopper in Preble Co, OH. On 7-1-1850 they divorced. In an 1855 court case packet there was a letter written by Wm. Wayland to J. A. Bussear in Preble Co., OH, asking him to write a letter as proof he had paid Jesse for some corn in that county in 1844. The affidavit and two letters were sent by the Preble court to the Tipton Court. Wayland had written that "Ola Horton, Hick Smiley and himself got into a lawsuit about a chimney being torn down and Ola's wife and he parted on the strength of it. Now just because they didn't swear as he wanted them to, George and Mary are without a home." Josephine Mitchell who discovered this data, presumed Nancy, the oldest and married in Ohio, probably took **Jeremiah** and Lucinda. Family Records indicate **Jeremiah** and Lucinda's mother died about 1844. Jesse had married Susan M. Hopper in Preble Co, OH July 24, 1846 and divorced her in 1850. **Jesse** married Mary Craig in 1851 in Tipton Co. He sent her back to OH and divorced her while she was gone between Oct. 1852 and June of 1853. Mary Craig counter sued and lost.

Pertinent data from the law suit is as follows: "Date-1853, Mary Horton vs **Jesse Horton**, Mary states she is now and for the past four years has been a resident of this county. She was married to **Jesse** Jan 11, 1851. They lived together as husband and wife until the 15th day of Jan.

1852. During that time she behaved herself in a becoming manner to all persons, and in a kind and affectionate manner at all times to **Jesse Horton** and his family. She did at all times as she believes, and often times than she was well to do, her part as a dutiful wife. On the 9th of March 1852 she filed for divorce, alimony and dower charging him with cruel and inhuman treatment to her. It was unsafe and improper for her to live with him, and that **Jesse Horton** absolutely was the cause of their not living together and complying with the holy ordinance of matrimony. Jesse obtained a continuance. An allowance was decreed. She lived apart from him until sometime in the month of August or the first of September. Then **Jesse** made overtures to her to return home and again live with him, expressing great sorrow for the vile treatment he had given her, and promising that in the future he would be kind to her and treat her as a husband ought to treat a wife. Mary believed it to be her duty to return and again live with Jesse, that the treatment of Jesse towards her was kind, that she supposed they would live happily together. Soon afterwards **Jesse** told her that her bill of complaint ought to be dismissed and requested her to accompany him to the clerk's office to dismiss said suit and she did so. They lived together until a few days or weeks before the setting of the October term of the court, when she was advised by her husband, **Jesse**, it would be better for her to be absent during the next court. Her husband advised Mary, being in feeble health, that she had better visit her friends in the State of Ohio. **Jesse** said he would take her himself or send her and that in the fall season he would come or send for her. Jesse obtained a carriage and prudent person and sent her to Ohio promising that as soon as she wished he would comply with his promise, either come or send for her.

"Mary remained in Ohio from the first of October 1852 until the month of June 1853. In the fall, about the time **Jesse** was to come for her she had a letter written to him that she was anxious to return home. She again had letters written to him and received no information. Late in the winter **Jesse** sent his son to see her and she was told to remain where she was until spring then his father would come or send for her. She was destitute of means to travel with and could not get home. Then in the spring she wrote again and got no answer. She then begged her friends to send her home and they did so.

"Mary states that to her great surprise when she reached the neighborhood she was informed that **Jesse** had deceived her and had in her absence filed with the court his bill for divorce charging her with the infamous crime of adultery and voluntarily abandonment. In the spring court he had obtained a decree of divorce barring Mary of any dower because of the infamous claim. Mary claimed it was all untrue and false, that she had never abandoned him and has never been guilty or suspected of being guilty of the crime of adultery. Mary claimed **Jesse** obtained the decree fraudulently and corruptly and by the subordination of perjury. Mary claimed she had no due notice and that since her return **Jesse** had been trying to sell her property, both real and personal, and has sold part of it, with the intention to defraud and cheat her, and to leave Indiana to parts unknown. Mary states that without relief she will become a public charge because she is destitute and has no relations or kindred friends to take care of her.

"Mary further states she took with her to **Jesse**: one bed, two bedsteads, one bureau, one table, one stand table, twelve bed quilts, three blankets, six sheets, one wash tub, one wash board, one smoothing iron, one coffee mill, one set of dishes which she paid six dollars for, and a number of other articles. She believes these items are worth \$100.00. At the time they were married **Jesse** was worth \$500 of which \$320 was invested in a quarter section of land where they lived and improved. This has grown greatly in value since their marriage. **Jesse** was the owner of a wagon, a team, farm utensils, livestock of horses, cows, hogs, household furniture to the amount of about \$600. She further states he is the owner in fee simple of 160 acres, being the SW 1/4, Section 24, Tsp 22, North of Range 4 East in Tipton Co., with about 50 to 60 acres under cultivation, with a value of \$3000. Notice was published on Feb. 22, 1853 in Howard County Weekly. Mary asked the court to recover her full dower, 1/3rd of the real estate and \$500 alimony." She lost in this court and lost again in the State Supreme Court. Papers were signed by her mark.

Jesse married Mary Tucker October 11, 1853. **Jesse** had bought 120 acres in Jefferson Tsp. in 1848, proved it up by 1850 and helped organize that tsp. by being supervisor of elections. Jesse Horton's land Certificate was #32311, Mar. 26, 1849, Ind. Vol. 311, pg 106. However, in 1855 in July and Aug., **Jesse Horton** and Sarah. A. sold land in 1855 for \$3300. Sarah sued for divorce March 25, 1857. **Jesse** posted the following notice in the Tipton Co. Democrat on April 8, 1856: *Notice The public is hereby notified that Sarah A. Horton left my bed and board on the 1st day of January, 1856, without cause, that I will pay no debts of her contracting since that time. March 26, 1856 Jesse Horton.* Son, **George**, sued for payment of a note for \$40 in Dec. 1856. An Oct. 1855 lawsuit indicated not now a resident of the state of Indiana. One story said he went to California to the Gold Fields and another said he went to Dayton OH to live with a daughter. No other record has been found.

The Family of Jeremiah and Nancy Jane Horton, 7th Gen.

Jeremiah (7.16) (B. Mar. 1, 1840, d. 10-24-1914, **Jeremiah's** Civil war Bible inscription says b. Mar. 5) was staying with his sister **Nancy** in 1860 in Dayton, OH. and is listed as 19 years old, a carpenter. He married **Millie Hutto** in Tipton Co, IN, in Feb. 1861. One son was born but no record. This marriage was annulled 22 August 1865 in a decree of divorce #60 of **Jeremiah Horton vs. Amelia Horton**.

War Dept. office records show **Jeremiah W. Horton**, aged 21 years, born in Marion Co. Indiana, and by occupation a farmer, was enrolled 1861 at Indianapolis, IN. He was mustered into service 30 Aug. 1861, at Indianapolis as a private, Capt. Beachy's Co. 26th Indiana Inf., which subsequently became Co. H., 26th Ind. Inf. **Jeremiah** was transferred to Co. C, 26th Ind. Inf., and was mustered out honorably as a private, to date 31 Jan. 1864, by reason of his reenlistment as a veteran volunteer. He was again mustered into service as a private in the same organization, to date 1 Feb. 1864 and was honorably discharged 22 April 1865 at New Orleans, Louisiana on surgeon's certificate of disability, a private.

His disability claim filed 26 Dec. 1896 stated he contracted measles and resulting disease of the lungs in Oct. 1862 between Georgetown and Jefferson City, MO. In an undated statement from Riverside, Kansas, **Jeremiah** states: "contracted measles on the march from Booneville to Georgetown, MO, was treated by Capt. N. J. Beachley, Co. Commander, who was a doctor, He was sent to Tipton, Mo., then to Indianapolis and then to Tipton where treated by Doctor Groves." "Wounded in the hip while scouting at Morganazia Bend on the Mississippi River Aug. 1863."

In that same statement, he continues: "Received gunshot wound in Rite hip Bowul pasen round through abdom, was near the Serterlen plantation of Morgansa Ben on the Mississippi River. Was treated for same by a citizen, was in the Bairx of the fort, then in the hospital in Donaldsonville, taken from there to Marine U.S. A. Genl. Hospital, (In New Orleans)." Another statement about 1880 states; "Received wound in the hip while on detached duty at Itchlaya river on or about the 7th day Sept. 1863 and at the same time and place had four ribs broken by his horse falling with him at the time he received the above wound. I was taken care of by or at a private house near the Sterling plantation." Another pension application states the location near Johnsonville. Another in 1870 indicates injury to the head from cannonading at Ft. Butler, LA. On or about 20 Jan. 1865 while at Ft. Butler, due to hardship and exposure, he started having Epilepsy fits. (One statement indicates Donaldsonville is at Ft. Butler.) He was discharged because of this condition and it continues throughout most of his life according to the bi-annual physical reports from doctors in order to get his pension. that other than Tipton, IN, they lived at the following locations: Hamilton Co IN, Clinton Co, IN, Cloud Co. KS 1874, Hodgeman Co. KS 1881. The family moved to McCloud, KS in 1873, stayed about two years driven out by grasshoppers, then back to Tipton. In 1879 they returned to Kansas near Pawnee Rock then to Hodgeman Co., KS. In 1891 to Missouri, lived there one year and in the fall of 1892 to Riverside in Ness Co, KS until 1906 or 1907 to Hanston, KS. Their two quarter sections of land in Kansas were near the Ness Co. line about 12 miles North of Jetmore. Post offices where they received mail in Hodgeman Co: Riverside, Arthur, Harold, Jetmore, Pawnee Valley, and lastly Hanston, KS about 1909-1914/1924. **Nancy Jane** died in Hanston, KS, April 6, 1924. **Jeremiah** was considered a farmer however he ran a dray wagon to Dodge City and Abilene on several occasions. An historic citation at Boot Hill, Dodge City, KS shows **J W Horton**, on Nov.5, 1887, claiming a woman was an inmate of a house of prostitution contrary to the ordinances. She was fined \$5.00 plus \$7.50 costs. This was probably Jeremiah or his oldest son.

From one of **Lena Horton's** letters: "Lena was born in a little old sod shanty on her parents claim 12 miles north of Jetmore, Hodgeman Co, Her parents came in a box car as far as Garfield KS in April 1880 with all their stuff, wagon and team of horses (Old Barney and Moll). Their freight car was side tracked. Father took out the wagon, put it together- hitched up the horses, hopped into the wagon and drove west till he found 160 acres of Government land to homestead. Went back and moved the stuff on out to Hodgeman Co. and built a Sod House on the claim. Cut willows on the old Pawnee River to cover and put Sod on top." William L. Wallace homesteaded 160 acres next to **Jeremiah** and **Nancy**. This was later transferred to them. Both parcels were a short distance west of the **Frusher** Farm that has all of its buildings and fenced areas made with local stone. The site is now pasture and is on the North side of the county road and are a part of the **Frusher** farms. Nearly flush stones in the soil outline where the buildings once stood on the **Horton** quarter. The **Horton** family is listed in the 1885 census with **Wm T. Pierce** and **J.W.
